

NO TOUCH COMPACT

Get the economy and efficiency of rolls...
in the small footprint of a folded towel dispenser!

DPMC0529

Eliminates the inefficiency, mess and waste of folded towels with roll towel performance and economy. Accommodates standard 8" wide roll towels (6" diameter) and automatically cuts them to a 10" length for a 20% paper savings. Features Smart-Cut™ technology to hygienically dispense sheets with the lowest mechanical pull force and the lowest tab-outs in the industry.

**Provides 100%
mechanical
hands-free solution
for better hygiene!**

Carolina Paper Company

USER SATISFACTION

- Patented Smart-Cut™ technology provides low pull force and dispenses most paper grades without "tabbing"
- Easy ergonomics – no twist or tear
- Conforms to ADA and HACCP guidelines

HYGIENIC PERFORMANCE

- No touch operation for the ultimate in user hygiene – you only touch the paper

UPSCALE IMAGE

- Attractive streamlined exterior, and stylish transparent smoke cover and black back housing to match upscale washroom decor

EASY MAINTENANCE

- Quick and easy loading with open access and exposed roll holders
- Easy-clean surfaces, and simple installation with available mounting plate
- Reliable operation with few moving parts and no electric motors, batteries, sensors, calibration or special servicing needed
- Removable and fixed key provided

ECONOMY

- Replaceable dispensing module lowers repair cost
- Stainless steel and high impact resin components resist rust and corrosion for long lasting service

LOWER COST IN USE

- New 10" cut length provides a 20% paper savings
- Smaller unit can replace messy, wasteful folded towel models
- Two-handed pull encourages fewer sheets per hand dry, reducing overall consumption
